

*This is the time to*  
**GO CLEAN**  
*and save green.*

There's never been a better time to sign up for Electronic Fund Transfer (EFT) from DFT. EFT takes the worry out of paying your DFT bills. Connect your checking or savings account or credit/debit card to have your payment automatically withdrawn each month.

**EFT helps you keep safe and healthy with:**

- No need to use a stamp.
- No running out to pay your bill.
- Save time and gas.
- No need to even lick an envelope!

**As an added bonus, DFT is offering a \$10 statement credit for taking advantage of our EFT payment program and email billing!**

\*Paperless is mandatory. \$10 off is a one-time bill credit at sign-up only.

**DFTVoIP**

You want to give your customers a great experience and your employees the tools for success. A DFTVoIP system from DFT Communications gives you the tools and flexibility to enhance your customer interactions. Voice over Internet Protocol (VoIP) phone systems say goodbye to traditional cords and cables, and say hello to crystal clear sound sent over your internet connection. So you get business-class phone service without breaking the budget.

**MOBILITY**  
 Never miss another call again. With DFTVoIP you can take your business with you. Receive calls for your business directly on your mobile phone so you can answer customers wherever you are.

**ADAPTABILITY**  
 VoIP phone systems are flexible and allow you to easily add and remove lines depending on the needs of your business. Plus, since the system uses your internet connection, there is no need for extra wires and cables.

**FEATURES**  
 Enjoy all the features you expect out of your business phone system like caller ID, call forwarding and more! Plus, advanced features like unified messaging, call recording, mobile extensions and more!

**Connect the Dots**  
 FOR A STRONGER WIRELESS CONNECTION

With Managed Wi-Fi, you can call the mystery of a reliable whole-home Wi-Fi a mystery solved.

**Managed Wi-Fi...**

- **Can handle more of your devices than a basic router.**
- **Adapts to interferences from outside sources, such as your neighbor's Wi-Fi.**
- **Makes troubleshooting easy if you do encounter issues.**

When Wi-Fi signals on the same frequency overlap, it can cause interference in your connection. The Calix GigaSpire Blast used with Managed Wi-Fi can detect when other signals are hampering yours, and will switch to another less crowded frequency. The GigaSpire Blast does this automatically, without any interruption to your service.

Managed Wi-Fi routers have a convenient dashboard our support team can access to see exactly what the problem is and where it is happening. This allows us to resolve any potential issues quickly and remotely.

**ONLY \$9.95** /per month
